### **Division of Waste Management Requests Grant Agreements to Help Clean Up Litter along Public Roads *Deadline Nov. 1***

**Frankfort, Ky.** (Aug. 2, 2013) – The Energy and Environment Cabinet’s (EEC) Division of Waste Management is accepting grant applications for the cleanup of litter along public roads.

Grant agreements will be accepted from counties in compliance with their five-year solid waste management plans and from incorporated cities which, by solid waste ordinance or other means, provide municipal solid waste collection service.

The Litter Abatement Grant program is supported by the Kentucky Transportation Cabinet’s Road Fund and Highway Construction Contingency Fund.

“The Litter Abatement Grant program is a very simple and efficient way to help the scenic cities and counties of the Commonwealth ensure that their roads remain litter-free,” said Tony Hatton, director of the Kentucky Division of Waste Management.

Applications must be received by Lisa Evans at the Division of Waste Management no later than 4:30 p.m. on Friday, Nov. 1, 2013. The signed original agreement and any supporting documentation must be submitted in order for the request to be complete.

Grant request packets are being sent by email to county judge-executives and solid waste coordinators.

For more information, contact Lisa Evans at 502-564-6716 or by e-mail to [lisa.evans@ky.gov](mailto:lisa.evans@ky.gov).
